

New Series' for Autumn 2007

Looking Beyond

Vision should help us to see beyond where we are, to where we need to be. Is that our experience here at Wokingham Baptist Church? This series aims to motivate and inspire us to remember what God has called us to, that we would be gripped by God's desires and heart.

Altar-ed Lives

What difference does Jesus really make to us? Are we willing to give everything for the sake of the Kingdom, or do we prefer to hold back from what Jesus wants us to be and experience? Together we will look at ways our mindsets, cultures and backgrounds might be stopping us from being more fully the person God made us to be.
