ENOUGH

Amos spoke some of the most confrontational words of prophecy in the Old Testament, challenging the economy and establishment of one of the ancient world's super powers.

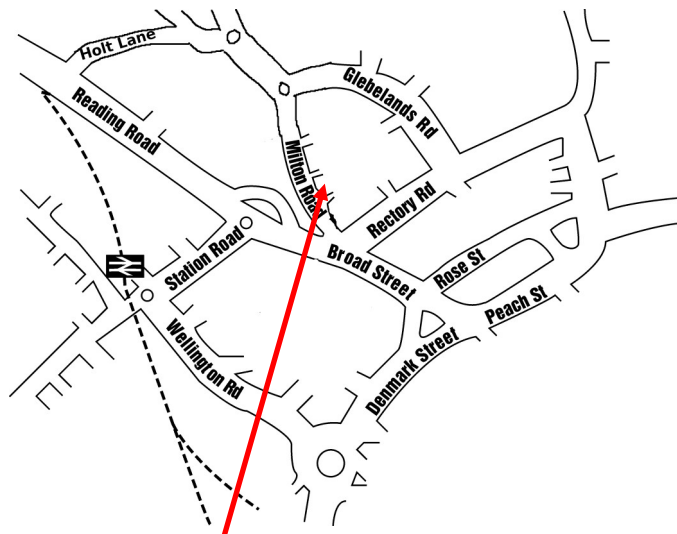

We ask what would happen if Amos came to visit us in the Berkshire Suburbs?

Hearing Voices: *Asia*

Each term we will go to a different continent to hear the voices of some of the movers and shakers of our world, and ask what our Christian faith might say in response. On these inspirational evenings we will be challenged by the famous and not-so famous to look again at the Bible and our world.

What is good religion?

Religion is so often condemned either as irrelevant or dangerous. In a study of James' letter we ask what good religion might look like, and why a vibrant, God-centered way of living is far from past it.
