

New for Spring 2008

Response Time

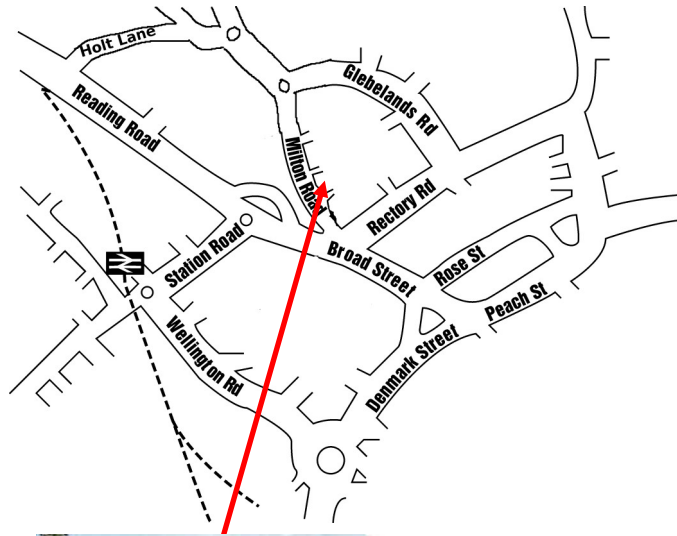

The news came into the church meeting: the vision had been clear but targets were being missed, and people wanted to know why! We look at a crisis that hit the early church and ask why people like Stephen were so central in the church's response to both the immediate problem, and to God's big vision.

Hearing Voices: The Americas

Each term we will go to a different continent to hear the voices of some of the movers and shakers of our world, and ask what our Christian faith might say in response. On these inspirational evenings we will be challenged by the famous and not-so famous to look again at the Bible and our world.

What is good religion?

Religion is so often condemned either as irrelevant or dangerous. In a study of James' letter we ask what good religion might look like, and why a vibrant, God-centered way of living is far from past it.
