

What's on...

Seeing differently

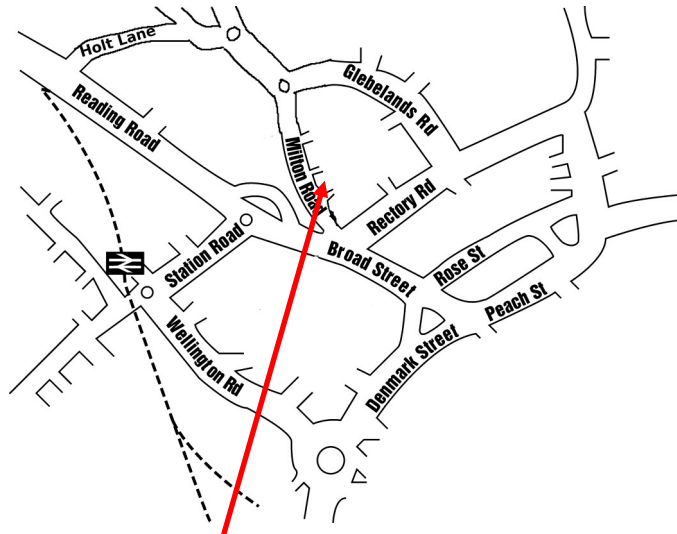

When the sun is shining everything looks different. The trees and hills appear more green, the sky is a vivid blue, and the Channel is less brown. Over the Summer we're going to take words that we hear all year round, and try and look at them from a different perspective.

Hearing Voices: EUROPE

Each term we will go to a different continent to hear the voices of some of the movers and shakers of our world, and ask what our Christian faith might say in response. On these inspirational evenings we will be challenged by the famous and not-so famous to look again at the Bible and our world.

What is good religion?

Religion is so often condemned either as irrelevant or dangerous. In a study of James' letter we ask what good religion might look like, and why a vibrant, God-centered way of living is far from past it.
